

## SPECIFICATIONS

|                                   |                                                                        |
|-----------------------------------|------------------------------------------------------------------------|
| Type .....                        | Two-speed, direct-drive automatic turntable                            |
| Speeds .....                      | 33-1/3 and 45 rpm                                                      |
| Fine speed adjustment range ..... | $\pm 3.5\%$                                                            |
| Platter.....                      | Aluminum alloy die-cast<br>31 cm (12-1/4") diameter, 1.4 kg (3.1 lbs.) |
| Motor .....                       | 20-pole<br>brushless DC servo-type                                     |
| Wow and flutter .....             | less than 0.03% (W.R.M.S)                                              |
| S/N .....                         | better than 62dB (IEC-B)                                               |
| Rumble .....                      | better than 70dB (DIN-B)                                               |
| Tonearm .....                     | Statically-balanced S-shaped tubular type                              |
| Tonearm length .....              | 220 mm (8-11/16")                                                      |
| Overhang .....                    | 15 mm (5/8")                                                           |
| Applicable cartridge weight ..... | 4 to 10 g                                                              |
| Cartridge .....                   | SV-40X (VM type) for 4-channel                                         |
| Frequency response .....          | 10~50,000 Hz                                                           |
| Output voltage .....              | 2.2 mV per channel (1,000 Hz<br>50 mm/sec)                             |
| Load impedance .....              | 47~100 k $\Omega$                                                      |
| Traking force .....               | 2.0 g                                                                  |
| Stylus .....                      | diamond (SN-40X)                                                       |
